Section A02: Thursday 06:10-07:50 PM, Wellman 1

- Objective: The goal of TA section and TA's job is helping you out! Section will cover
  - (a) some new material for lectures, especially math
  - (b) some class discussion topics provided in lectures
  - (c) practice problems for exams
  - (d) review hard material from lecture
- Class Etiquette and Honor Codes
  - (a) Both sections A01 and A02 use the same materials so you can attend any of them.
  - (b) TAs do not mind if you choose to attend any other TAs' sections because of time conflict.
  - (c) Class starts on time. Don't be late.
  - (d) Please do not leave in the middle of class.
  - (e) Let's connect with each other in sections instead of talking to your cyber buddies. Please do not use a phone.
  - (f) Both section slides and board will be used. Slide files will be posted on TA's website (<http://jaewookjung.weebly.com/teaching.html>) after section.
  - (g) The University's Honor Code will be very strictly applied in this course.

- Contact

- (a) Office Hours: 04:00 PM - 06:00 PM on Tuesdays at 132 SSH
- (b) We will use online forums for class Q&A and discussion besides smartsite. TAs believe that the alternative system will be very useful for us to communicate with you especially sharing Q&A efficiently. It is highly catered to getting you help fast and efficiently from classmates and TAs. Rather than emailing questions to the TAs, we encourage you to post your questions on the forum.
- (c) Please sign up with your ucdavis.edu email address: <https://piazza.com/ucdavis/summer2014/ecn1a>.
- (d) Also before writing your questions, please check if your question has already been made by someone else with using tags. If so, you can save yourself the time of writing the same question (and we can also save the time of answering twice). If you still have doubts, feel free to ask for further explanation in the follow-up.
- (e) If you know the answer to some question made by your classmates, your reply will be always welcomed. There is no better way to verify your understanding of the material than explaining it to someone else. Moreover, TAs always read students' responses so we can correct any mistakes.
- (f) One drawback of this forum might be to have frequent email notifications. By default setting, you may receive an email per 4 hours for new questions or notes. Please change your "account/email setting" which will be shown on the right top corner of your screen, for your preference.

- (g) You can also feel free to email me for your questions.
